**Understand shooting underwater digital photos.** Learn how to use your camera and strobe. We have a photography class every month.

Remember if you get your camera here; the tuition for the class will be 30% off, and the photography special counts towards becoming a Master Diver.

## Captain Si's Pirate Corner:

### Pirate Treasure

*The reality of pirate life is that a good haul is anything that can be sold. Food, cannons and gunpowder are especially welcome, as they can always be put to good use. Sometimes a pirate captain must even be able to act the part of a cloth merchant or a tobacco salesman.*

*From Pirateology 2010 calendar*

*Stay tuned for more next month...argh!!!*

### Adaptive Diving

- If you are interested in becoming an Adaptive Buddy let us know.
- We are assisting Dive Pirates with gear donations for Disabled divers. If you have anything to donate; you can just drop it off here at New Mexico Scuba Center and you will get a receipt from Dive Pirates for your tax deductible donation (Including any cash donation – pennies / nickels / dimes / quarters). Visit Dive Pirates at [www.divepirates.org](http://www.divepirates.org) <http://www.divepirates.org/>

For information on all of the activities log on to [nmscuba.com](http://nmscuba.com) or visit us on Facebook.

### Extended Range Diving:

**As we know the words “Tech” & “Extended Range” come with visions of excessive equipment and training. How can the recreational diver benefit from this advanced training without the excessive equipment, increase your bottom time and safety all at the same time?**

### Extreme Excitement

SSI's Extended Range is a well founded Diving program and it was created to take the recreational diver to an extreme level for their diving adventures.

Whether you are looking for the excitement of deep reef diving or the thrill of exploring wrecks located well past 40m (130 feet), SSI's Extended Range is a way to learn the training and experience necessary for you to complete every new adventure with confidence and skill.

Whatever your current diving ability, extended range diving will challenge you with environments, depths, bottom times, procedures, and equipment not commonly encountered by recreational divers. You will be experiencing advanced

levels that require extensive knowledge, enhanced diving skills, and considerable experience.

*Advanced Nitrox: All you need is 24 dives (6 of them Nitrox).*

- Increase your understanding of diving physics, physiology, and decompression theory
- Select and configure the diving equipment system that is best for you
- Get an introduction to advanced dive planning and gas management procedures
- Select an optimized gas blend and minimize potential decompression obligation.
- Be introduced to the use of decompression gasses.

### Travel 2011

Cayman Brac – April 8<sup>th</sup> – 16<sup>th</sup> \$1,650.00 + air

Bonaire – June 11<sup>th</sup> – 19<sup>th</sup> \$2510.00

Catalina – San Clemente July 10<sup>th</sup> – 14<sup>th</sup> - \$1,040.00 + air to LAX

Philippines – October 29 – November 12, \$4,325.00 + air to LAX

For more detailed information go to [www.nmscuba.com/travelpackages](http://www.nmscuba.com/travelpackages)

### Travel Tip

**Many developing countries do not have safe tap water. When visiting these places, drink only beverages made with boiled water, such as tea and coffee. Canned or bottled carbonated drinks, such as soda, beer, wine, or carbonated water are usually a safe choice. Do not use ice if you don't know what kind of water was used to make it. And do not use tap water to brush your teeth.**

### Additional Diving:

Need some pool time or just want to blow some bubbles? Come join us in the pool or in Santa Rosa. Give us a call so we can reserve a spot for you.

Kevin will be at Blue Hole this month April 17th for Bubbles & Brats. Remember Kevin loves chocolate chip cookies!!!

Check out our **class schedule** for more info on training and events
