MASTER DIVER CHALLENGE

*******ITS FREE *******

Enroll for the Master Diver challenge. When you achieve your goal of Master Diver (Advanced Open Water Diver, Stress & Rescue Diver and a total of 50 Dives) – you automatically receive at no cost to you –

- **A Master Diver Patch**
- **A Master Diver Card**
- **A Master Diver Diploma**
- **A Master Diver T-shirt**
- **A chance to win one of 2 trips from SSI**
- **A chance to win a give away from NMSC (we have given a way computers and cameras in the past – stay tuned for the give away for 2008)**

Let us help you map out your training program on how to become a Master Diver (remember if you certified here you already have at least 1 specialty towards your Advanced Open Water).

MASTER DIVERS

Remember Diving is not an Adventure of a Lifetime – But a Lifetime of Adventure.

Kathy Finch MD - She is recognized as a DAN physician and is going to be accepting many different insurance policies. She can be reached at 244-0640. www.adulthealthcare.net

UNDERWATER PHOTOGRAPHY – Digital Camera Class - Now it is easier to understand shooting underwater digital photos. Learn how to use your camera and strobe. We have a photography class every month.

Remember if you get your camera here; the tuition for the class is free, and the photography special counts towards becoming a Master Diver

Adaptive Diving

New Mexico Scuba Center will be joining Dive Pirates in Cayman Brac the first week in June for the annual “Back to the Brac” event. Including our new diver and 2 returning divers from Albuquerque.

If you are interested in becoming and Adaptive Buddy let us know.

We are assisting Dive Pirates with gear donations for Disabled divers. If you have anything to donate; you can just drop it off here at New Mexico Scuba Center and you will get a receipt from Dive Pirates.

Visit Dive Pirates at www.divepirates.org <http://www.divepirates.org/>

Captain Si's Pirate Corner:

NEW YORK

An estimated 200,000 people watched his public hanging, after which his body was tarred, gibbeted and displayed on the banks of the Thames River for nearly 2 years. That is the end of Captain Kidd.

Stay tuned for more next month.

Effective immediately we have been notified that any cylinders that have been manufactured from 1990 and earlier are required to have a Visual Eddy test, when they come in for Hydrostatic testing. Many tanks that have been manufactured during this dates have developed cracks in the necks. These tanks have been condemned. Unfortunately for those tanks that require the Visual Eddy – there will be an additional charge. This is a DOT requirement and as you know DOT sets the rules.

ZEAGLE TRADE IN PROGRAM FOR ZEAGLE REGULATORS PURCHASED FROM 1993 - 2001

Between 1993 and 2001 Zeagle had their regulators manufactured by Apeks. In 2002 Apeks was purchased by Aqualung, Zeagle had an agreement with Aqualung to get parts that are used for annual service for those Zeagle / Apeks regulators. Zeagle has continued having problems acquiring Apeks parts for those regulators. So Zeagle is offering a trade in program for their old Zeagle / Apeks regulator for the current Zeagle regulator at a substantial discounted price. If you have one of these regulators bring it into the store so we can let you know what the cost will be and get your trade in started.

Training –

- **Open Water Class**
- **Stress & Rescue**
- **Search & Recovery**
- **First Aid / CPR / 02**
- **Underwater Digital Photography**
- **Enriched Air Nitrox**

Tech XR Class: **(Not just for Techies, Great for recreational divers too!)**

As we know the words “Tech” & “Extended Range” come with visions of excessive equipment and training. How can the recreational diver benefit from this advanced training without the excessive training and equipment? Increase your bottom time and safety all at the same time.

Advanced Nitrox: All you need is 24 dives (6 of them Nitrox).

- Increase your understanding of diving physics, physiology, and decompression theory
 - Select and configure the diving equipment system that is best for you
 - Get an introduction to advanced dive planning and gas management procedures
 - Select an optimized gas blend and minimize potential decompression obligation
 - Be introduced to the use of decompression gases
-

Travel 2008

Grand Cayman - June 14-21, 2008 6 spots left

Travel Tip

Before you fly remember to check your airlines baggage policies. Some of the airlines have instituted new baggage allowances.

Diving:

Need some pool time or just want to blow some bubbles? Come join us in the pool or in Santa Rosa. Give us a call so we can reserve a spot for you.

Kevin is still doing our 3rd Sunday at blue hole for practice on Sunday April 20th, 2008. Give us a call if you would like to join.

Check out our **class schedule** for more info on training and events

Thank you for spending a little time with us
and please come in and see us!
