

FIJI

October 29 - November 12, 2009

No roads. No cars. No phones. Just peace, relaxation and AMAZING diving! Fiji ranks as one of the top 10 diving destinations in the world! Fiji's location in the tropics of the Southern Hemisphere is ideal—it is the first country in the world to meet the new day! The landscape of Fiji is lush, green, rich, tropical and untouched. If you want to see what real jungles are—this is the place! After a day of diving—relax in one of the hammocks strewn around the resort!

Beqa Lagoon is surrounded by one of the largest barrier reefs in the world—190 miles of pristine reefs, spectacular coral and marine life. Blue Ribbon Eels, Clown Triggers, Lion Fish, Leaf Scorpions, and Reef Sharks are just a few of the millions of marine life that call Beqa Lagoon home.

Taveuni is known as the unofficial dive capital because of the richness of the water around Taveuni. Just off shore is the world famous dive site "Rainbow Reef". Because the international date line is found in Taveuni—it is one of the few places in the world where you can stand in two days at one time.

Fiji Itinerary

- **October 29th** depart LAX at 10:30pm and after crossing the international dateline arrive in Nadi on October 31st at 5:15am. We will transfer via land to Pacific Harbor where we will get on a boat and go to Beqa (pronounced Benga). We are staying at the "Best Dive Resort in the World" according to Rodales, for the first 7 nights. All meals are included and The Beqa Lagoon Resort has been reported to have the "Yummiest French Toast"! We are scheduled to dive 5 days of 2 tank boat dives with unlimited day and night shore diving.
- **November 7th** we will head back to the airport in Nadi via the boat/land transfer. Our flight departs Nadi at 2pm and arrives in Taveuni at 3:30pm. We will be staying in Bures at the Paradise Taveuni Fiji. Continental breakfast, 1 course lunch and 2 course dinners are included—however, you can upgrade the meals for \$35/day and you get a full breakfast, 2 course lunch and 4 course dinner. We

will be diving 2 boat dives/day for 4 days in Taveuni. Unlimited shore diving is also available. We absolutely want to dive the Rainbow Reef dive—however, there is a fuel surcharge that we will need to pay to the dive shop. That price is TBA once we get closer to the date.

- **November 12th** our trip comes to an end! We board a flight in Taveuni for Nadi at 10:40am and arrive in Nadi at 1200pm. Our flight for Los Angeles doesn't leave until 10pm—so we get to hang out in Nadi all day! This is a great time to do your souvenir shopping! There is luggage storage provided for us for a fee and we can arrange for day rooms at a nearby hotel. We arrive back in LA at 1:20pm on November 12th (remember we come back across the international date line).

Other things to do on Beqa—

- Included with your stay: snorkel, swim or kayak the warm waters of the blue lagoon; volleyball with the locals; bird watching and simply lounging in a hammock. The sacred fire walking ceremony is not to be missed! Local villagers from the very young to very old walk across coal that have been measured at 1200 degrees Fahrenheit!
- Not included in your stay BUT available for an extra fee: Hike to mystic waterfalls, spa services, deep sea fishing, tubing or water skiing also available; surf the famous “Fijian Pipeline” with world class waves. Another cultural event not to be missed is Meke—the traditional Fijian dance and singing show. Don't forget to visit Suva, the Fiji capital.

Other things to do in Taveuni—

- Included in your stay: snorkeling and guided snorkeling safari, sea kayaking adventure, 2 or 4 hour guided culture walk, sulu tying demonstration, frond weaving, coconut lesson, meke lesson, fish feeding, bury the lovo (on Fiji night only) and learn to speak Fijian.
- Not included BUT available for an extra fee: Jet ski expedition, boating tours of the island, sports fishing, guided 4 wheel drive adventures, wild boar hunting, tour through the rainforest, horseback adventures through plantations and mountains range and spa treatments.
